

nexTouch™

ANSI/BHMA Grade 1 Certified
Keypad Lock

The Next Generation in Access Control

Take the next step in security with the nexTouch™ Keypad Lock from Yale®. nexTouch combines a modern look and innovative access control technology with an array of bold new features, offering an attractive access control solution to a range of facilities. With a heavy-duty design and ANSI/BHMA Grade 1 certification, nexTouch provides durable and reliable security from a brand trusted for over 170 years.

Featuring fully modular technology, nexTouch can be easily upgraded from a stand-alone lock to accommodate more advanced technologies, for more complex applications including multi-family and small business. Whether you need basic access control or a scalable solution to expand as your needs grow, Yale Works for YouSM.

Benefits

- **Easy Traffic Control:** Engineered to provide a comprehensive, easy-to-use access control solution to protect your facility and personnel
- **Modular Technology:** Unique and versatile design enables upgrade of the lock's technology when needed
- **Key-free Convenience:** Reduces investment and maintenance costs
- **Strong and Reliable:** ANSI/BHMA Grade 1 certification ensures long life and reliability

Features

- Modular technology allows users to upgrade to Data-on-Card or Zigbee/Z-Wave wireless technologies as system requirements change and grow
- Capacitive touchscreen or pushbutton keypad available, for tactile environments and ADA compliance
- Privacy mode enabled by a button push
- Up to 500 user codes in keypad only operation
- 9V battery power backup prevents lockout even if the batteries fail
- Available in four finishes and three lever designs

By inserting an optional technology key, the lock is easily upgraded to support Data-on-Card or ZigBee/Z-Wave technologies
